Your site looks great on your laptop.

Nine of ten of your customers are on a phone. Have you checked?

We see this weekly with South African businesses. It is almost never a budget problem — it is a "nobody told me this was costing me money" problem.

One clear call to action beats five.

Every extra button is a decision, and every decision loses people.

Most of our work is not clever. It is doing the obvious thing properly, and doing it first.

What would you add?
