

March 2027

31 days · 155 ready-to-copy posts · picture included

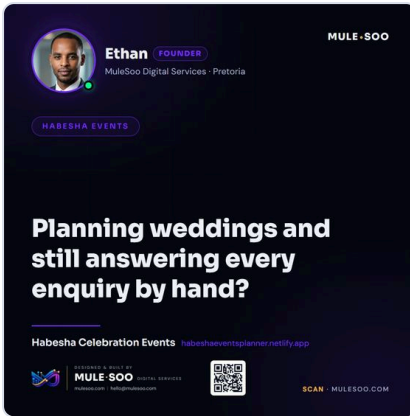

How to use this. Find today. Post the picture on the left — the file name is printed under it, and the same image lives in *marketing2/Images/*. Then copy the caption for the platform you are posting to. That is the whole routine.

Every post names real work. There are no invented statistics in this document. Where a project is still in development it is flagged *IN BUILD* — never post those as launched.

Projects this month: Habesha Celebration Events · YoYo Gym — AI Membership Platform · X-Boss Photography Studio · Shime Events & Planning · Tsedi Catering & Events · TSI AI Booking Assistant · Sena — AI Front Desk Receptionist · Yewogen Derash (ዐገን ደረሽ) · Pretoria Kidane Mihret Church Platform · DR. Hospital — AI Clinic System · MuleSoo Guides & Digital Store · MuleSoo Digital Services

Planning weddings and still answering every enquiry by hand?

We built Habesha Celebration Events for exactly that — a design couples actually screenshot and send to their mothers.

Same system, your brand, your sector.

Tell us what your week looks like and we will tell you honestly whether software fixes it:

Something Tsedi Catering & Events taught us:

Check the calendar before you confirm, not after. Double-booking is how caterers lose reputations.

Two more from the same build:

- Issue a verification code at booking, then scan it on the day. Cheap, offline-proof, unforgeable.
- You do not always need a website. Sometimes you need one QR code that finishes the job.

All three are in the live product, not in a slide deck. See it: <https://tsedicatering.vercel.app>

#CateringBusiness #QRBooking #TsediCatering

Instagram

275 chars

Lesson from building Tsedi Catering & Events 🍷

✦ Check the calendar before you confirm, not after. Double-booking is how caterers lose reputations.

Save this one — it applies far beyond this one project.
