LinkedIn PROBLEM

Your booking system is a notebook.

One lost page is one lost month.

We see this weekly with South African businesses. It is almost never a budget problem — it is a "nobody told me this was costing me money" problem.

LinkedIn EDUCATE

A chatbot is not a robot receptionist.

It is a filter. It catches the easy 70% so a human handles the 30% that pays.

Most of our work is not clever. It is doing the obvious thing properly, and doing it first.

What would you add?

It is a few lines of JSON. Most sites skip it. That is your opening.
